

## Product Description

Austral BB Structural is a cost-effective plywood panel that combines strength and beauty. Made with high quality "B" grade veneers on the face and back, Austral BB is constructed with an "A" bond glue line and structurally rated to F17. Austral BB Structural is a very popular and versatile plywood panel with an almost endless range of applications such as flooring, wall and ceiling cladding, furniture making, shop fitting and cabinetry. Austral BB Structural is made to Australian standard AS/NZS 2269.
